Chairman David Brown called the meeting to order.

The first item on the agenda was the 2015 transit application. Commissioner Jowan Johnson made a motion to execute the application. Commissioner Huck Greene seconded the motion that carried unanimously.

The other item of business was the request from Chad Lamb, Rayonier, made at March 3, 2015 monthly meeting. Mr. Lamb had requested the county maintain approximately ½ mile of High Rock Road to give them access to their property. This ½ is on the Pine City Road side and does not involve the rock bed. He also requested the property be deeded to Rayonier where they own land on both sides of the road and that they have an easement to the property from the west end of the road.

Commissioner Lanier Keene made a motion for the County to maintain ½ mile of road on the east end of High Rock Road in order to give Rayonier access to their property. He added to the motion that a warranty deed be issued to Rayonier giving them the property in which they own both sides of the road. In addition, Rayonier will be provided with a key to a gate on the west end of the road providing them an easement into the property from the west side. Commissioner Jowan Johnson seconded the motion that carried unanimously.

After further discussion, it was agreed that Rayonier would be responsible to installing a gate on the east end of the road at the beginning of their property.

There being no further business, Commissioner Jowan Johnson made a motion to adjourn. Commissioner Huck Greene seconded the motion that carried unanimously.
